**Maintenance & Repair Services**

## Company Profile

# ABOUT OUR COMPANY

## A Brief Story About The Company

Established in 2018 within the dynamic energy landscape of the Kingdom of Saudi Arabia, Petro Prime Services stands as a proficient and agile provider of comprehensive oil and gas services. Our operational ethos is predicated on the seamless integration of cutting-edge equipment solutions with proactive and reactive maintenance protocols, all executed by a cadre of highly qualified technical personnel possessing profound industry acumen and an intricate understanding of the specific demands of the KSA oil and gas sector.

# WHAT WE DO

## Oil and Gas Equipment Rental and Maintenance Services

Not limited to the following :

# WHAT WE DO

## Strategic Equipment Rental Division

Our Equipment Rental Services are meticulously structured to provide clients with access to a diverse and meticulously maintained fleet of mission-critical assets. This division encompasses:

**Specialized Fluid Transfer Systems:** A comprehensive portfolio of OIL AND GAS pumps, including high-pressure Single-acting reciprocating pumps, robust TRIPLEX and QUINTUPLEX/PLUNGER pumps engineered for demanding applications, centrifugal (C-Pumps) for high-volume transfer, and positive displacement TWIN-screw pumps for viscous fluids. Our inventory is strategically diversified to address a spectrum of operational requirements, ensuring optimal fluid management across upstream, midstream, and downstream activities.

**Autonomous Power and Illumination Solutions:** A suite of industrial-grade Generators with varying power capacities to ensure uninterrupted power supply in remote and critical operational environments, alongside high-intensity TOWER LIGHTS designed for optimal illumination of expansive work sites, enhancing safety and productivity during round-the-clock operations. Our fleet of Compressors caters to diverse pneumatic power needs, from instrument air to large-scale industrial applications.

**Integrated Lifting and Material Handling Capabilities:** A comprehensive array of Lifting equipment, including versatile Forklifts with varying load capacities and terrain adaptability, and Mobile cranes with telescopic and lattice booms engineered for complex lifting operations.

Complementing this, we maintain a stringent inventory of certified Lifting gears, adhering to the highest international safety standards, ensuring secure and efficient material handling processes.

# WHAT WE DO

## Comprehensive Maintenance and Reliability Services

Our Maintenance Services division is staffed by a team of highly skilled and certified technicians possessing extensive experience in the proactive upkeep and reactive repair of critical oil and gas infrastructure. Our service portfolio includes:

**Integrated Mechanical, Hydraulic, and Electrical Systems Servicing:** We provide in-depth servicing of complex mechanical equipment, sophisticated hydraulic systems, and intricate electrical installations, adhering to Original Equipment Manufacturer (OEM) specifications and industry best practices. Our expertise extends to rotating equipment, pressure vessels, control systems, and power distribution networks.

**Advanced On-site Troubleshooting and Diagnostic Capabilities:** Our technicians are equipped with advanced diagnostic tools and methodologies to conduct thorough on-site troubleshooting and implement effective repair strategies, minimizing operational downtime and maximizing asset utilization. We employ a data-driven approach to identify root causes and implement sustainable solutions. Customized

**Annual Maintenance Contracts (AMCs):** We offer bespoke Annual Maintenance Contracts tailored to the specific operational requirements and asset portfolios of our clients. These contracts encompass scheduled preventive maintenance interventions, predictive maintenance strategies leveraging condition monitoring technologies, and prioritized reactive maintenance services, ensuring optimal asset integrity, enhanced reliability, and predictable operational expenditure.

# VISION

To be the premier and most trusted provider of agile and innovative oil and gas service solutions in the Kingdom of Saudi Arabia, recognized for our technical expertise, unwavering commitment to quality, and significant contribution to the operational success of the KSA energy landscape.

# MISSION

## 01

To empower the Kingdom of Saudi Arabia's dynamic energy sector by delivering comprehensive, cutting-edge oil and gas services with proactive and reactive maintenance solutions, executed by our highly qualified technical personnel, ensuring operational excellence and efficiency for our clients.

## 02

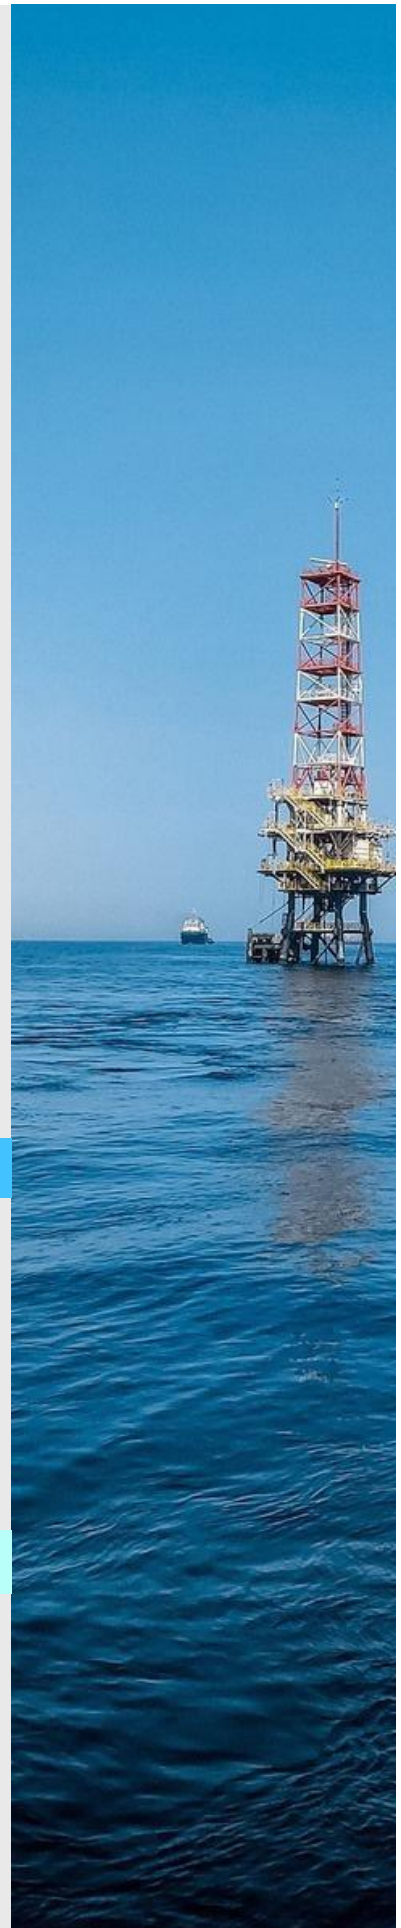

Our goal is to deliver proactive and reactive maintenance solutions, directly addressing the critical need for uninterrupted operations and minimized downtime within the energy sector.

## 03

Achieving our goal is facilitated by our highly qualified technical personnel. Their expertise is crucial in overcoming the complex technical challenges and ensuring the smooth execution of all services.

## 04

Our objective is to ensure operational excellence and efficiency for our clients. This is realized by addressing the diverse challenges of the energy sector through our comprehensive service offerings and expert execution.

# LOCATIONS

Petro Prime Services (PPS) stands as a leading provider of comprehensive oil and gas services, strategically positioned in the heart of the Middle East's energy sector. With a strong operational presence in Dammam, Kingdom of Saudi Arabia, and Abu Dhabi, UAE, PPS is uniquely situated to support and enhance the region's dynamic energy landscape. Our expert teams leverage cutting-edge solutions and deep industry knowledge to deliver unparalleled service, ensuring operational excellence and efficiency for our clients across these pivotal oil and gas hubs.

## Expanding in MENA region

# OUR TEAM

The quality of our team is reflected in our internal metrics, As we consistently achieve 92% in Teamwork & Efficiency, demonstrating our seamless collaboration and optimized workflows. We foster a Healthy Office Environment, scoring 96%, where respect, open communication, and professional growth are paramount. Furthermore, Socialization Between Teams stands at 91%, highlighting our cohesive culture that extends beyond formal responsibilities, promoting a strong sense of community and mutual support.
